

# Giddyup for Safety

## **2004 – 2005 FCCLA Child Care Service / Learning Center Theme Proficiency Event**

The children need to learn how to be safe doing their favorite activities. Accidents can happen no matter what a child is doing. Today not only do parents need to know how to keep their children safe, but children also need to know how to play safe and still have fun. The project should teach the children how important safety is in everyday fun.

### **Suggested Topic Areas**

- ☆ Swimming Pool Safety
- ☆ Bike Safety
- ☆ Internet Safety
- ☆ Playground Safety
- ☆ Sledding / Snowmobile Safety
- ☆ Skating Safety
- ☆ Ski Safety
- ☆ Be Safe while Boating
- ☆ Camp Safety

Participants need to develop a learning center for children ages 3 to 5. The Learning Center should include activities that are safe and fun. Participants will have to give an oral presentation and a display. Follow the instructions in the Proficiency Event Manual.
